LIBERTY FEDERAL CREDIT UNION

# Annual Report

2024

We have had nothing but excellent service since my wife and I opened our accounts at Liberty. I especially like the 3.50% APY interest rate on my checking account. My previous credit union paid virtually no interest in either my checking or savings accounts. We are both very happy with Liberty.

Liberty FCU was incredibly helpful throughout the entire process of buying my home. They communicated often, reminding me of documents needed to process my loan. My loan officer was there to support me every step along the way and there to celebrate with me during closing. I couldn't be happier with the services provided by Liberty and with my new home!

Tracy H. Evansville, IN

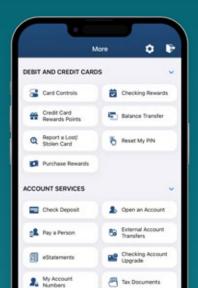

From the initial interaction, it was clear that our loan officer was knowledgeable, experienced, and genuinely cared about clients beyond the transaction. Despite the complexity of construction loans, Liberty made the process seamless and maintained consistent communication. Their commitment to accessibility, transparency, and personalized attention stood out, especially since we hadn't encountered such care from a loan officer before. "

The app is very user-friendly, and it also has all the information that I need. I am able to pay my bills, transfer money, and update all information on my app. Last week, I was looking at my credit score and viewing ways to help improve it. All I need is at my fingertips! ""

Vertical Checking is a really great checking account. The interest rate is great, but I really love that you pay the fee when I use another ATM!

Wayne Kinney LFCU Board Chairman

Bill Schirmer
President and Chief Executive Officer

We are very thankful for our past success and recognition. However, our focus remains on our financial return to the membership. In that regard, LFCU paid a record-high \$62 million to members who took advantage of our certificate of deposit interest rate specials. This amount represents a \$13 million increase from the amount returned to members in 2023 from certificate of deposit account programs. Our Vertical Checking account returned an additional \$11 million to our members. The total return to members through our checking, savings, money market and certificate of deposit account holders was a record high \$74 million for the year.

During 2024, we added two new branch locations. The first was on Veterans Parkway in Murfreesboro, Tennessee. The second was opened on Indian Lake Drive in Hendersonville, Tennessee. We are excited to be in a position to better serve our members in these regions. We also opened our new West Evansville branch office on Rosenberger Drive. This contemporary new location features 5,000 square feet with three easy access drive-thru lanes as well as additional parking to better serve our west side members.

Our contemporary mobile banking application allows members to apply for an auto or mortgage loan online, review credit scores, make LFCU loan payments from outside accounts, turn debit or credit cards on or off, report debit or credit cards lost or stolen, review progress toward checking rewards, reset personal identification numbers, deposit a check online, open a new account, transfer funds to and from external accounts, pay bills online, review credit union statements and tax documents, track personal spending versus budget goals, as well as view LFCU and outside brokerage account balances on one page. These features allow your desktop computer or digital device to be your personal banker. Be sure to review these and our other innovative mobile banking features designed to simplify your financial life.

In conclusion, 2024 was another rewarding year thanks to our dedicated Board of Directors, Supervisory Committee, and 836 staff members. From our tellers to our senior staff, we are here to provide you with the absolute best in financial products and services. Thank you for choosing LFCU as your financial institution of choice and recommending us to your friends and family. We greatly appreciate your business and look forward to serving all your financial needs in 2025.

The people there are great, the interest rate is great, ATMs are free... I can't say anything bad about this place. I have been banking with them for almost two years.

I will continue to bank here and recommend Liberty to anyone!

The interest rate on your checking account is high, which is why we moved our account to Liberty from another bank. Since we've been at Liberty, the staff have always been so nice. We are happy customers!

The Liberty Federal Credit Union app is super easy to use, and it provides instant access to all of your accounts in a matter of seconds. I can't say enough great things about Liberty FCU. They're great people!

Liberty FCU contributed more than

back into the community through scholarships, sponsorships, and donations

Including

More than \$450,000 to the EVSC Foundation,

EVSC, and its schools

More than \$150,000 to Habitat for Humanity

More than **75,000** to the United Way
